NTD Inclusion Score card (NISC) Installation Guide

Martin Hooymans, version 0.1, august 2023

0 Introduction

This guide outlines the steps for installing the NICS on your computer. It involves two phases:

1. **Downloading the Installation Package**: Obtain the installation package from the InfoNTD website.2. **Software Installation**: Execute the installation process on your computer. Please be aware that the NISC tool is incompatible with Apple/Mac computers. You will require a Microsoft Windows operating system.

Also, it is important to note that this tool exclusively records your self-assessment data *on your own computer*. No data is transmitted to the internet or any other parties by mail.

1 Download from the website

Go to the InfoNTD download page: https://www.infontd.org/ntd-inclusion-score-card-nisc-tool-test

(This needs to be changed into the real page)

Downloads

<u>↓</u> 🖹 <u>nisctool.msi</u>

Click on the "**nisctool.msi**" which will initiate the download of the installation package (.msi) to your computer's **Downloads** folder.

2 Installation

Navigate to your Download folder using File Explorer, and double-click on "nisctool.msi"

Click "Next"

RISCtool Setup			×
Destination Folder Click Next to install to the default folder or click Change to choos	e another.		Ð
Install NISCtool to:			
C:\Program Files (x86)\WISCtool\]
Change			
Back	Next	Can	cel

You will have the option to select a different installation folder, if desired.Click "Next"

🔀 NISCtool Setup			_		\times
Ready to install NISCtool					Ð
Click Install to begin the installation installation settings. Click Cancel to	n. Click Back to re exit the wizard	eview or change a	ny of yo	ur	
	Back	Install		Can	cel

Click "**Install**". The default installation will place the software in the standard Programme Files folder, for which you may be asked for an approval.

Once complete, a final window will appear.

Click "Finish".

To launch the programme you will find a **shortcut** on your desktop.
